

# cut fuel costs - cut carbon emissions

In a time of  
soaring fuel bills  
and carbon  
emissions  
“retrofitting” our  
homes can reduce  
both by over 60%

## An Old Home Fit For The Future

Visit a newly retrofitted Bath home to discover:

- What you can do to make your home energy efficient
- Why retrofitting is a good financial investment
- How to save money on fuel bills
- Who can help you find out more
- How to find the right products and services

Sunday 12th • Friday 24th • Saturday 25th • Sunday 26th September  
3pm - 7pm      3pm - 7pm      11am - 6pm      11am - 6pm
